

6- HOW DO I BROWSE AROUND THE PORTAL?

Browsing has been designed so that you may access the different sections from anywhere in the portal in such a way that it is not necessary to access the HOME PAGE to change from one style of furniture to another. At the top of the screen are the 4 general sections (Furniture, Lighting, Complements, Projects & Contract), with dropdown boxes including the subcategories referring to the style of furniture (Classical, Modern, etc.).

Once you have selected the style, a new menu appears on the left of the screen. This enables you to select the type of room you wish to decorate. There is one more selection level, which drops down when one of the options is clicked. This shows the different pieces of furniture that may be found in said room (Bed, Table, Mirror, etc.). The products are organised as follows:

FURNITURE:

- Classical
- Modern
- Art-Deco
- Neoclassical
- Country style
- Juvenile
- Metal Furniture
- Auxiliary
- Sofas
- Chairs

LIGHTING

- Lighting

DECORATION

- Bedrooms
- Ceramics
- Decoration items
- Household
- Equipment

PROYECTS AND

- CONTRACTS
- Contract
- Work samples

The screenshots illustrate the website's navigation and product offerings:

- Screenshot 1: Furniture Categories**
Shows a sidebar with categories like CLASSICAL //, BEDROOM compositions, DINING ROOM, HALL ENTRANCE, and OFFICE. A main content area displays a tall wooden shelving unit labeled "Professional".
- Screenshot 2: Product Page for Bedroom Compositions**
Shows a detailed view of a bedroom composition with a bed, dresser, and chair. Product information includes reference numbers (1520005, 1520021, 1520025, 1520064) and links to related products.
- Screenshot 3: Search Results for Modern Bedrooms**
Shows a grid of images for various modern bedroom sets. Each item has a thumbnail, a brief description, a reference number (e.g., 1520002, 1520003, 1520006), and links to technical info and related products.
